FRANKLIN BROTHERS

ARRESTED IN CHICAGO

Emma Goldman, the "Queen of Anarchy," Taken by Officers.

IS PLACED IN PRISON

The Charge Against Her Is Conspiracy, Which She Denies—She Disclaims but Slight Acquaintance With Czolgosz.

Chicago, Sept. 11.—Emma Goldman, the "Anarchist Queen," under whose red banner Leon Czolgosz claims he stands and whose words he claims fired his heart and his brain to attempt the assassination of the president, when arrested here disclaimed all but the slightest acquaintance with the president's assassin. She denied absolutely that she or any anarchist she knew was implicated in any plot to kill the president. She said she believed Czolgosz acted entirely on his own responsibility and that he never claimed to have been inspired by her, as he is quoted as affirming.

The president, she averred with a yawn, was insignificant to her—a mere human atom whose life or death were matters of supreme indifference to her or to any anarchist. Czolgosz' act was foolish, yet she declared it probably had its inspiration in the misery which the Pole had seen about him. Violence, she said, was not a tenet in the faith of the anarchist, and she had not advocated it in Cleveland, where Czolgosz has said he heard her, nor elsewhere.

Miss Goldman arrived here Sunday morning from St. Louis. Her immunity from arrest while in the Missouri metropolis and up to the time she was arrested in Chicago, afforded her much amusement. She told in sentences punctuated with laughter of her capture and only once did she break down completely. That was when Captain Schuetler led her from the office of Chief of Police O'Neil to the cab that was waiting to convey her to the woman's annex of the Harrison Street police station. For a moment she became a woman, pure and simple and cried. In a moment, however, this exhibition of distress was over and when she put her foot on the step to mount into the carriage she was again Emma Goldman.

She said her purpose in coming here had been to assist three anarchists who were arrested here several days ago. She had intended to give herself up to the police but delayed it for one reason or until the police she had derided so much had taken the matter into their own hands.

She was held on a warrant sworn out by Captain Collieran charging her with conspiracy to murder the president. Her conspirators were named as being anarchists already in jail here.

Miss Goldman was arrested at the home of C. P. Norris, and at first denied she was Miss Goldman, but finally had to admit her identity.

Norris, at whose home Miss Goldman was taken into custody and who was later arrested himself, is not the type of man generally associated with the word "anarchy."

When questioned by the chief of police Norris disclaimed any knowledge of a plot to assassinate the president, and said he knew nothing whatever of Czolgosz. He said that he had attended Miss Goldman's lectures merely to study anarchists from a sociological standpoint. Wishing to know more of Miss Goldman he sought her acquaintance.

An application will probably be made today for a writ of habeas corpus in behalf of the nine anarchists now under arrest charged with conspiracy to murder President McKinley. The name of Emma Goldman also probably will be included in the petition.

In the evidence which can be produced to hold the prisoners, it is said, the Chicago police have the following telegram from the Buffalo chief of police:

"Czolgosz was in Chicago August 18 in company of Emma Goldman and Abraham Isaak at Isaak's office."

The Chicago police do not know on what evidence this statement is based but take it for granted it is a part of the confession of Czolgosz.

The decision to resort to a habeas corpus was reached after many efforts had been made to induce the authorities to release the prisoner on bail.

MISS GOLDMAN IN COURT.

Her Trial Set for Sept. 19 and Is Held Without Bail.

Chicago, Sept. 11.—Emma Goldman spent a very uncomfortable night in the woman's annex to the Harrison Street police station. She ate a hearty supper Tuesday night, but shortly after her head began to ache. Being a trained nurse herself, she insisted on treating herself. She wrote a prescription which she handed to Chief Matron Keegan

with the request that it be filled. The matron declined to do so without the sanction of the chief of police, feeling that the seemingly innocent slip of paper might call for poison wherewith the prisoner might do herself harm. The matron offered her a dose of headache cure which she herself used, but Miss Goldman refused to take it, and spent a sleepless night as a consequence. She was nearly the whole night to the matron again and again repeating her wonder that so insignificant a man as McKinley should receive such wide spread attention. "Her words were even more violent than in interview," she gave out Tuesday," said the matron.

She did not ask to see a lawyer, saying she was willing to take it for granted her friends in the city would see that she had proper legal assistance. At 9:30 o'clock this morning Miss Goldman, looking pale but determined, appeared in Justice Prindeville's court. She was unaccompanied by anyone save Matron Keegan. She looked around the room as if expecting to see some one, but there were none of her acquaintances present as she faced the magistrate.

Assistant City Prosecutor Owens told the magistrate that Chief Bull of Buffalo had the Chicago police to hold Miss Goldman as long as possible, pending an investigation they were making. Mr. Owens asked for a postponement of the case until Sept. 19, the date for the hearing of other anarchists under arrest here. Miss Goldman had no attorney, the reliance she had placed on her friends apparently having been a mistake.

Justice Prindeville asked her if she was ready to proceed. She replied: "Yes, I am ready." Then she asked if Lawyer Saltiel or Lawyer Brown were in the room. They were not. Justice Prindeville said he would wait a little while to see if either appeared. Thereupon Miss Goldman was sent back to the annex.

At 10:30 o'clock Miss Goldman was still waiting for an attorney and the hearing was at a standstill for nearly an hour. A messenger had been sent for Attorney Saltiel, who was engaged in the interests of other alleged anarchists under arrest. Meanwhile the prisoner sat quietly reading a newspaper and declined to talk about her case.

When the hearing was resumed Public Prosecutor Owens stated that the prisoner was charged with conspiracy to murder the president, and therefore he desired she be held without bail.

Miss Goldman was not represented by counsel, but declared she was ready to proceed with a hearing. The court granted a continuance to Sept. 19.

The prisoner said she wanted to be allowed freedom under bond. The magistrate said that as the latest bulletin indicated the distinguished patient at Buffalo was on the high road to recovery, he would consider the matter of bail further and would announce his decision.

No Request for Extradition.

Buffalo, Sept. 11.—The Buffalo police have as yet made no request for the extradition of Emma Goldman, under arrest in Chicago on suspicion of complicity in the plot to murder President McKinley. Superintendent of Police Bull and District Attorney Penney have on foot a general investigation aimed at showing the Goldman woman was an accessory, and apparently want more time. There does not seem to be any doubt that when the time comes a show in sufficient to warrant the extradition of the woman will be forthcoming.

Czolgosz in his confession admitted that he had heard the inflammatory speeches and read the incendiary literature of Emma Goldman and since then both have admitted that they met. There may not be evidence enough to convict her in the hands of the police at the present time, but there is no doubt that an indictment can be secured against her.

Lead a Band of Anarchists.

Kansas City, Sept. 11.—An investigation of the local record of Antonio Maggio, the Italian, who is said to have predicted the death of President McKinley, and who is under arrest in New Mexico, reveals the fact that he was the leader of a considerable band of anarchists in Kansas City, two years ago. These men held regular meetings in the rear of a barber shop kept by Maggio and it is stated that the removal of the president of the United States was the principal matter discussed.

It is said that Maggio and his associates were disciples of Emma Goldman for whom Maggio had a sort of veneration and from her imbibed his anarchistic ideas.

Shot His Wife to Death.

Santa Fe, Sept. 11.—News reached Santa Fe that at Temporal, 20 miles north of Capitlan, a Mexican rancher and sheep herder named Garcia, of Three Rivers murdered his wife. He induced her to go on a trip overland with him in a wagon. They camped out the first night at a point between Three Rivers and Temporal, and Garcia

being seen proceeding on his trip alone suspicion was aroused and an investigation resulted. The trail was followed from the starting point and near the first night's camp a new made mound was observed. This was dug into, and at a depth of two feet the body of the murdered woman was found. She had been shot to death, one bullet going through the right lung and another lodging in the shoulder. The murderer has not yet been apprehended.

Killed in a Runaway.

Pittsburgh, Sept. 11.—Miss Jennie R. Ewing, prominent in local church work, met almost instant death in a runaway accident. Miss Ewing and Miss McIlwaine were the guests of S. M. Taylor and wife for a drive. At Bellefield avenue the horses took fright and dashed toward Fifth avenue at breakneck speed. Miss Ewing jumped and alighted on her head, fracturing the skull. Before a physician could reach her she was dead. The horses broke loose from the carriage and the occupants escaped uninjured.

TEXAS LEGISLATURE.

Houses Passes a Resolution Denouncing
Anarchy and Socialism.

Austin, Tex., Sept. 11.—Anarchy and
socialism in its various forms were se-
verely denounced this morning by
the house. In a long debate on the res-
olutions condemning anarchy the mem-
bers were in favor of exterminating the
anarchists. The house unanimously
adopted the resolution presented Tues-
day afternoon asking other states to
enact laws for the suppression of an-
archy and requesting congress to enact
more stringent immigration laws.

The house accepted from the grand
children of Sterling S. Robertson an oil
painting of the illustrious Texas pioneer
and patriot.

The contingent expense bill, carrying
an appropriation of \$10,000 was passed
under suspension of the rules.

The per diem bill, carrying \$35,000
was also passed under a suspension of
the rules.

The house went into a committee of
the whole to consider the general ap-
propriation bill.

The senate did no work in the morn-
ing.

Waiting on the House.

Austin, Sept. 11.—The senate yester-
day finished its appropriation bill with-
out making many changes. The total
for two years is in the neighborhood of
\$5,700,000. The bill carries \$300,000
for pensions, while the house bill car-
ries \$580,000 for pensions.

Senator Davidson of Galveston suc-
ceeded in having the item for the re-
sidence of the quarantine officer at Gal-
veston raised from \$10,000 to \$15,000,
the amount asked for by the department,
but he failed to secure the restoration
of the original amount asking for a fum-
igation vessel, \$65,840. The bill allows
but \$45,000.

The senate will now mark time until
the house does something.

The house is considering its appropri-
ation bill in committee of the whole.
The opposition to the bill is not very
strong.

CROP CONDITIONS.

Monthly Report Given Out by the Agri-
cultural Department.

Washington, Sept. 11.—The monthly
report of the statistician of the depart-
ment or agriculture shows the average
condition of corn on Sept. 1 to have
been 51.7. There was a decline during
August amounting to 2.3 points, and
the condition on the first of the present
month was 28.9 points lower than on
Sept. 1, 1900, 33.5 points lower than at
the corresponding date in 1899; 31 points
below the mean of the September aver-
ages for the last 10 years and 8.3 points
below the lowest September average
that of 1881, ever before recorded.

The average condition at harvest of
winter and spring wheat combined was
52.8 against 62.6 last year, 70.9 in 1899
and a 10-year average of 60.3.

The average condition of oats when
harvested was 73.1 against 83.9 last
year, 82.2 in 1899 and a 10-year average
of 82.6.

Of the five principal sugar cane states
Mississippi alone reports an improve-
ment in the condition during August,
the present conditions being 87 against
82 a month ago. The condition in Geor-
gia remained at a standstill during the
month and Alabama, Texas and Louisi-
ana show decreases of 1, 3 and 4 points
respectively. Three of the principal
sugar cane states, Louisiana, Mississippi
and Georgia show conditions slightly
above their 10-year averages, and in
Alabama and Texas conditions are re-
spectively 8 and 21 points below such
averages.

An improvement in the condition of
rice during the month of August is re-
ported in but two of the rice growing
states—Florida and Texas. In Louisi-
ana and North Carolina there has been
no appreciable change in the condition
and South Carolina, Georgia and Ala-
bama reported declines. In Louisiana
the chief rice growing industry condi-
tion is four points above the mean of
averages of the last seven years.

TEXAS NEWS.

Killing Johnson Grass

Denton, Tex., Sept. 11.—W. H. Mat-
thews, living near Argyle, has been ex-
perimenting with killing out Johnson
grass by cultivation. He tried it on a
big field and Tuesday went over it with
a grubbing hoe, finding only one live
sprout. Cultivation is all he uses and
he says on the Johnson grass land he
will make one-half bale of cotton to the
acre.

Started It With Coal Oil.

San Angelo, Tex., Sept. 11.—Albert
Gonzales, aged 5 years, and Buenita Ar-
rendondo, also 5 years old, started a fire
in a stove here Tuesday afternoon with
kerosene. The girl was so badly burned
about the face and body that she died
after suffering terribly. While the boy
is fearfully burned, there is a chance
for his recovery.

Heavy Loss of Trees.

Waco, Tex., Sept. 11.—It is believed
that 200 young trees in the park and on
the streets of this city perished in con-
sequence of the drought which began
early in June last and is still unbroken.
The trees believed to be dead have
dropped their leaves and are as bare as
midwinter boughs. The hackberry trees
suffered more than any other.

Wants to Be Hanged in Public.

Coleman, Tex., Sept. 11.—The death
sentence was passed on John Pearl
Tuesday for the murder of an old Ger-
man near Brownwood last spring. He
is to be hanged publicly at Coleman on
Oct. 22. The condemned man made a
short talk denying his guilt and declar-
ing he wanted to be hanged in public.

No Clew of Train Robbers.

Texarkana, Tex., Sept. 11.—The Cot-
ton Belt train robbers are still at large
with little or no hope of capture in the
near future. It is understood the hunt
for them has been called off by all the
officers, though it is hinted that secret
service men are still seeking for their
trail.

Fell From Second Story.

Beaumont, Tex., Sept. 11.—Frank J.
Clark, a well known young man, fell
from a window in a second story of the
Pearlstein building and struck on his
head on the brick pavement. His skull
was fearfully crushed and he died.

Held Without Bail.

Fort Worth, Tex., Sept. 11.—Joseph
Johnson, charged with the killing of
David C. Johnson, the engineer in the
Fort Worth fire department, was re-
manded to jail without bond to await
action of the grand jury.

Concessions to Coal Miners.

Pittsburg, Kas., Sept. 11.—The Big
Four companies, with the exception of
the Western Coal and Mining com-
panies, have all posted notices offering
the men 65 cents a ton for mine run
coal, an 8-hour day and other conces-
sions, with a few exceptions, that the
union contract known as the Kansas
City contract asks. It is believed that
this forestalls a strike order in this dis-
trict. Four thousand men in Kansas,
Missouri and Oklahoma are affected.

Majority of Two.

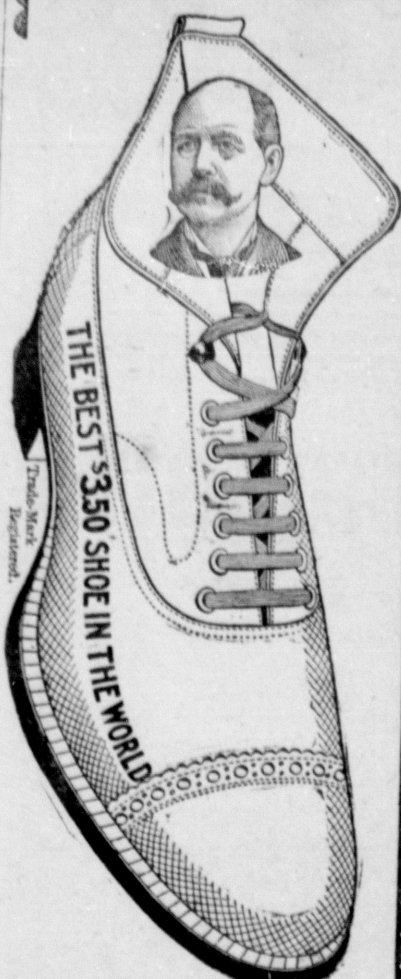

Fort Gibson, I. T., Sept. 11.—The
special election in the Tahlequah dis-
trict resulted in the election of Charles
Sanders to a seat in the lower branch
of the Cherokee legislature by a major-
ity of 188 votes over Jay Clark. This
gives the Downing party a majority of
two on joint ballot in the legislature.

GENERAL HENRY BATES STODDARD

Appropriately Welcomed by the Masons and Citizens of Bryan.

At the opera house last night a representative gathering of Masons and citizens of Bryan formally welcomed Gen. H. B. Stoddard to his home and warmly congratulated him upon the high place he has attained as most eminent grand master of the Knights Templar of the United States. The celebration was under the auspices of Brazos Lodge No. 129, A. F. & A. M., joined by the citizens of Bryan, and was a genuine testimonial of respect and esteem from friends and neighbors, who feel that General Stoddard's well-deserved laurels are an honor to his city and state, as well as to himself. The arrangements were well carried out by Dr. Paul M. Raysor, T. A. Searcy, M. H. James, John B. Mike and others, and the spread was served under the direction of Mr. H. S. Jenkins.

Col. L. L. Foster presided as toastmaster proposing each sentiment with some happy, appropriate remark. The responses were bright and entertaining, full of noble sentiments and worthy tributes to the distinguished guest of the evening, and the great order of which he is the head.

PRESIDENT IMPROVES.

Is Gradually Recovering from His Wounds at Buffalo.

ALARM UNNECESSARY

Physicians State That the Reopening of the Wound Is Essential in Nearly All Gun Wounds, Especially Aged Persons.

Buffalo, Sept. 11.—The president passed a very comfortable night, said the 6 o'clock bulletin by Drs. Rixey and "Doc" Galloway, who remained with the president throughout Tuesday night. A few minutes later Dr. Rixey, the president's regular physician, was seen by an Associated Press representative. He displayed no evidence of anxiety and was emphatic in his characterization of the sensationally alarming reports put in circulation as a result of the bulletin issued a few minutes before midnight Tuesday, but dated 10:30 p. m. Dr. Rixey was asked about these reports and he replied earnestly without any hesitation whatever:

"These statements are not true. The president is not in a serious condition, there is no alarm over him. The facts are just as stated in the regular bulletins of physicians who are anxious that the public shall be fully acquainted with the truth."

The scare caused by even the faintest indication of trouble in connection with the president's wound, coming on the heels of study and continued improvement, was only natural under the circumstances. But there is absolutely no reason to doubt the frankness of the official statement of the physicians that the wound cannot give rise to other complications. Dr. Rixey said the opening of the wound was in no sense an operation. It was a mere redressing of the wound to allay a slight irritation that had appeared.

The fact that the wound in the president's abdomen not healing by "first intention" is not a feature at all unusual in such cases, explained one of the president's physicians.

On the contrary it is usual for gun shot wounds to heal by what is termed "second intention," through granulation. Especially is this the case with older persons, whereas in case of young people they usually heal by "first intention."

As the morning advanced and the usual activities of the day began, a feeling of confidence began to grow stronger. The day was bleak and cheerless and gave a rather gloomy aspect to the surroundings. The sky was overcast with promises of rain. The scene about the house much the same as it has been for the last four days. Military patrol shifted and sentries who paced before the house throughout the night gave place to fresh men.

The following bulletin was issued by the president's physician at 9 a. m.: "The president rested comfortably during the night. A decided benefit followed the dressing of the wound made last night. His stomach tolerates beef juice well and is taken with great satisfaction. His condition this morning is excellent."

His physicians state it will be six weeks before he can leave Buffalo.

Buffalo, Sept. 11.—The president continues to improve. Beef tea has been given him and from now on will be given more substantial food.

The following bulletin was issued by the president's physicians at 10:30 o'clock last night after a lengthy consultation:

"The condition of the president is unchanged in all important particulars. His temperature is 100.6; pulse 114; respiration 28."

"When the operation was done on Friday last, it was noted that the bullet had carried with it a short distance beneath the skin, a fragment of the president's coat, this foreign matter was removed, but a slight irritation of the tissues was produced, the evidences of which has appeared only tonight. It has been necessary owing to this slight disturbance to remove a few stitches and partially open the skin wound. This incident cannot give rise to other complications, but it is communicated to the public as the surgeons in attendance wish to make their bulletins entirely frank."

"In consequence of this separation of the edges of the surface wound, the healing of the same will be somewhat delayed. The president is well enough to begin to take nourishment by the mouth in the form of pure beef juice."

SEARCHING FOR PAPERS.

Batch of Important Documents Thrown in Sewer by Czolgosz.

Buffalo, Sept. 11.—Leon Czolgosz has made a further confession to the police that his attempt upon the life of President McKinley was the result of a conspiracy which many beside himself had a part. So far Czolgosz has refused to mention any names except that of Emma Goldman, but papers are in existence, which if they can be discovered, will lay bare the entire conspiracy and

will result in wholesale arrests, followed by prosecutions.

The center of the conspiracy seems to have been here. Buffalo is filled to overflowing with agents of the secret service. A search is being made of every sewer that underlies the city, for it is known that in one of them is a package of papers containing the details of the conspiracy and the names of those concerned with Czolgosz in the plot together with an outline of its ramifications.

In his confession Czolgosz told of his attempt to destroy the written evidence of the conspiracy. He has said that time did not permit him to burn the papers as he had desired. Before leaving his room in Nowak's hotel he gathered together all his papers, taking them from his pockets, from his valise and from the drawers of his table. All were bound together in one package, which he concealed beneath his coat.

Czolgosz says that he made a circuitous and aimless trip about the city and that at some point which he cannot now describe, he came upon an open sewer. Into this sewer he cast his papers.

Inch by inch the sewers of this city are being searched, and if such a thing is possible, those papers will be recovered.

On authoritative information it can be said that during the last 10 weeks, Emma Goldman has visited six anarchist organizations. She has been in Buffalo three times since July 12, having left the city the last time four days before the attempted assassination.

Emma Goldman, Czolgosz and Abraham Isaak and Mary Isaak were in consultation in Chicago on two occasions and Mary Isaak accompanied Emma Goldman to Buffalo the last time the arch leader or the anarchists was here.

Leon Czolgosz was accompanied to Buffalo and about the city by a mysterious Bohemian man and woman who acted so suspiciously as to warrant the assumption that they knew of the intention of Czolgosz to assassinate the president. These two Bohemians are now being looked for.

Rejoices at His Recovery.

Berlin, Sept. 11.—Everybody here rejoices in the reassuring dispatches from Buffalo as to the condition of McKinley. Public interest in the outcome has in no way abated. A fine picture of Mr. McKinley in the window of the office of the Lokal Anzeiger attracted great crowds, those who studied it commenting upon his characteristic feature.

Another Soldier Degraded.

Danville, Ills., Sept. 11.—John Lefler, an inmate of the soldier's home, was degraded by having the buttons cut off his coat. He was then drummed out of the grounds for having manifested elation at the attempt upon the life of the president.

Demand His Expulsion.

Washington, Sept. 11.—The people of Kensington, Md., adopted resolutions Tuesday night at a mass meeting calling for Wellington's expulsion from the senate for remarks concerning the president.

Prayer Service Well Attended.

Baltimore, Sept. 11.—It is estimated that fully 75,000 persons attended the services of prayer for the recovery of President McKinley in various churches of this city in accordance with the proclamations of the governor of Maryland and mayor of Baltimore.

STEEL STRIKE.

No Attempt Made to Start the Tube Mills at McKeesport.

Pittsburg, Sept. 11.—No attempt was made this morning to start the big tube mill at McKeesport, although there was a large crowd of strikers at the mill to keep out any men who tried to go back. The total suspension of the National tube mill and other plants of the National Tube company will likely follow two unsuccessful attempts to resume operations—those of Tuesday and of Monday. Fires also have been drawn at the National rolling mill and at the Monongahela steel works.

The strikers are said to be growing ugly and numerous assaults have been reported within the last 48 hours. Mrs. Peter Snyder was assaulted by a foreigner while carrying lunch to her husband in the National rolling mill. Her dress was torn and the dinner pail carried off. Mike Cawitch who, with his 20 boarders, worked in the tube mill, was attacked and warned that his house would be burned if he did not stop working.

TROUBLE IN ARMENIA.

Armenians Reported Attacked Massacres, but Reverse Is Believed.

Constantinople, Sept. 11.—Fifty Armenian revolutionists, according to Turkish reports, set fire to Mussulman quarters at Mush, Turkish Armenia, where fighting afterwards occurred. The Armenians retiring toward Sasoun, where 3000 troops were stationed and that a state of panic prevailed there in consequence.

Such Turkish reports have previously been the forerunners of massacres of Armenians, and it is generally apprehended by non-Mussulmans here that massacres have already taken place.

Methuen Drives Delarey.

London, Sept. 11.—Kitchener reports that Methuen engaged Delarey in the Great Marais valley on Sept. 6 and Sept. 8, driving them from a strong position on Sept. 8. The Boers left six dead on Sept. 6 and 12 on Sept. 8. Forty-one prisoners were captured.

FRANKLIN BROTHERS

ARRESTED IN CHICAGO

Emma Goldman, the "Queen of An-
archy," Taken by Officers.

IS PLACED IN PRISON

The Charge Against Her Is Conspiracy,
Which She Denies—She Dis-
claims but Slight Acquain-
tance With Czolgosz.

Chicago, Sept. 11.—Emma Goldman, the "Anarchist Queen," under whose red banner Leon Czolgosz claims he stands and whose words he claims fired his heart and his brain to attempt the assassination of the president, when arrested here disclaimed all but the slightest acquaintance with the president's assassin. She denied absolutely that she or any anarchist she knew was implicated in any plot to kill the president. She said she believed Czolgosz acted entirely on his own responsibility and that he never claimed to have been inspired by her, as he is quoted as affirming.

The president, she averred with a yawn, was insignificant to her—a mere human atom whose life or death were matters of supreme indifference to her or to any anarchist. Czolgosz' act was foolish, yet she declared it probably had its inspiration in the misery which the Pole had seen about him. Violence, she said, was not a tenet in the faith of the anarchist, and she had not advocated it in Cleveland, where Czolgosz has said he heard her, nor elsewhere.

Miss Goldman arrived here Sunday morning from St. Louis. Her immunity from arrest while in the Missouri metropolis and up to the time she was arrested in Chicago, afforded her much amusement. She told in sentences punctuated with laughter of her capture and only once did she break down completely. That was when Captain Schuetler led her from the office of Chief of Police O'Neill to the cab that was waiting to convey her to the woman's annex of the Harrison Street police station. For a moment she became a woman, pure and simple and cried. In a moment, however, this exhibition of distress was over and when she put her foot on the step to mount into the carriage she was again Emma Goldman.

She said her purpose in coming here had been to assist three anarchists who were arrested here several days ago. She had intended to give herself up to the police but delayed it for one reason or until the police she had derided so much had taken the matter into their own hands.

She was held on a warrant sworn out by Captain Collier charging her with conspiracy to murder the president. Her conspirators were named as being anarchists already in jail here.

Miss Goldman was arrested at the home of C. P. Norris, and at first denied she was Miss Goldman, but finally had to admit her identity.

Norris, at whose home Miss Goldman was taken into custody and who was later arrested himself, is not the type of man generally associated with the word "anarchy."

When questioned by the chief of police Norris disclaimed any knowledge of a plot to assassinate the president, and said he knew nothing whatever of Czolgosz. He said that he had attended Miss Goldman's lectures merely to study anarchists from a sociological standpoint. Wishing to know more of Miss Goldman he sought her acquaintance.

An application will probably be made today for a writ of habeas corpus in behalf of the nine anarchists now under arrest charged with conspiracy to murder President McKinley. The name of Emma Goldman also probably will be included in the petition.

In the evidence which can be produced to hold the prisoners, it is said, the Chicago police have the following telegram from the Buffalo chief of police:

"Czolgosz was in Chicago August 18 in company of Emma Goldman and Abraham Isaak at Isaak's office."

The Chicago police do not know on what evidence this statement is based but take it for granted it is a part of the confession of Czolgosz.

The decision to resort to a habeas corpus was reached after many efforts had been made to induce the authorities to release the prisoner on bail.

MISS GOLDMAN IN COURT.

Her Trial Set for Sept. 19 and Is Held Without Bail.

Chicago, Sept. 11.—Emma Goldman spent a very uncomfortable night in the woman's annex to the Harrison Street police station. She ate a hearty supper Tuesday night, but shortly after her head began to ache. Being a trained nurse herself, she insisted on treating herself. She wrote a prescription which she handed to Chief Matron Keegan

with the request that it be filled. The matron declined to do so without the sanction of the chief of police, feeling that the seemingly innocent slip of paper might call for poison wherewith the prisoner might do herself harm. The matron offered her a charge a dose of headache cure which she herself used, but Miss Goldman refused to take it, and spent a sleepless night as a consequence.

She D. E. nearly the whole night to the way again and again repeating her wonder that so insignificant a man as McKinley should receive such wide spread attention. "Her words were even more violent than in interview," she gave out Tuesday," said the matron.

She did not ask to see a lawyer, saying she was willing to take it for granted her friends in the city would see that she had proper legal assistance. At 9:30 o'clock this morning Miss Goldman, looking pale but determined, appeared in Justice Prindle's court. She was unaccompanied by anyone save Matron Keegan. She looked around the room as if expecting to see some one, but there were none of her acquaintances present as she faced the magistrate.

Assistant City Prosecutor Owens told the magistrate that Chief Bull of Buffalo had the Chicago police to hold Miss Goldman as long as possible, pending an investigation they were making. Mr. Owens asked for a postponement of the case until Sept. 19, the date for the hearing of other anarchists under arrest here. Miss Goldman had no attorney, the reliance she had placed on her friends apparently having been a mistake.

Justice Prindle asked her if she was ready to proceed. She replied: "Yes, I am ready." Then she asked if Lawyer Saltiel or Lawyer Brown were in the room. They were not. Justice Prindle said he would wait a little while to see if either appeared. Thereupon Miss Goldman was sent back to the annex.

At 10:30 o'clock Miss Goldman was still waiting for an attorney and the hearing was at a standstill for nearly an hour. A messenger had been sent for Attorney Saltiel, who was engaged in the interests of other alleged anarchists under arrest. Meanwhile the prisoner sat quietly reading a newspaper and declined to talk about her case.

When the hearing was resumed Public Prosecutor Owens stated that the prisoner was charged with conspiracy to murder the president, and therefore he desired she be held without bail.

Miss Goldman was not represented by counsel, but declared she was ready to proceed with a hearing. The court granted a continuance to Sept. 19.

The prisoner said she wanted to be allowed freedom under bond. The magistrate said that as the latest bulletin indicated the distinguished patient at Buffalo was on the high road to recovery, he would consider the matter of bail further and would announce his decision.

No Request for Extradition.

Buffalo, Sept. 11.—The Buffalo police have as yet made no request for the extradition of Emma Goldman, under arrest in Chicago on suspicion of complicity in the plot to murder President McKinley. Superintendent of Police Bull and District Attorney Penney have on foot a general investigation aimed at showing the Goldman woman was an accessory, and apparently want more time. There does not seem to be any doubt that when the time comes a show in sufficient to warrant the extradition of the woman will be forthcoming.

Czolgosz in his confession admitted that he had heard the inflammatory speeches and read the incendiary literature of Emma Goldman and since then both have admitted that they met. There may not be evidence enough to convict her in the hands of the police at the present time, but there is no doubt that an indictment can be secured against her.

Lead a Band of Anarchists.

Kansas City, Sept. 11.—An investigation of the local record of Antonio Maggio, the Italian, who is said to have predicted the death of President McKinley, and who is under arrest in New Mexico, reveals the fact that he was the leader of a considerable band of anarchists in Kansas City, two years ago. These men held regular meetings in the rear of a barber shop kept by Maggio and it is stated that the removal of the president of the United States was the principal matter discussed.

It is said that Maggio and his associates were disciples of Emma Goldman for whom Maggio had a sort of veneration and from her imbibed his anarchist ideas.

Shot His Wife to Death.

Santa Fe, Sept. 11.—News reached Santa Fe that at Temporal, 20 miles north of Capitlan, a Mexican rancher and sheep herder named Garcia, of Three Rivers murdered his wife. He induced her to go on a trip overland with him in a wagon. They camped out the first night at a point between Three Rivers and Temporal, and Garcia

being seen proceeding on his trip alone suspicion was aroused and an investigation resulted. The trail was followed from the starting point and near the first night's camp a new made mound was observed. This was dug into, and at a depth of two feet the body of the murdered woman was found. She had been shot to death, one bullet going through the right lung and another lodging in the shoulder. The murderer has not yet been apprehended.

Killed in a Runaway.

Pittsburgh, Sept. 11.—Miss Jennie R. Ewing, prominent in local church work, met almost instant death in a runaway accident. Miss Ewing and Miss McIlwaine were the guests of S. M. Taylor and wife for a drive. At Bellefield avenue the horses took fright and dashed toward Fifth avenue at breakneck speed. Miss Ewing jumped and alighted on her head, fracturing the skull. Before a physician could reach her she was dead. The horses broke loose from the carriage and the occupants escaped uninjured.

TEXAS LEGISLATURE.

Houses Passes a Resolution Denouncing
Anarchy and Socialism.

Austin, Tex., Sept. 11.—Anarchy and
socialism in its various forms were se-
verely denounced this morning by
the house. In a long debate on the re-
solutions condemning anarchy the mem-
bers were in favor of exterminating the
anarchists. The house unanimously
adopted the resolution presented Tues-
day afternoon asking other states to
enact laws for the suppression of an-
archy and requesting congress to enact
more stringent immigration laws.

The house accepted from the grand
children of Sterling S. Robertson an oil
painting of the illustrious Texas pioneer
and patriot.

The contingent expense bill, carrying
an appropriation of \$10,000 was passed
under suspension of the rules.

The per diem bill, carrying \$35,000
was also passed under a suspension of
the rules.

The house went into a committee of
the whole to consider the general ap-
propriation bill.

The senate did no work in the morn-
ing.

Waiting on the House.

Austin, Sept. 11.—The senate yester-
day finished its appropriation bill with-
out making many changes. The total
for two years is in the neighborhood of
\$5,700,000. The bill carries \$300,000
for pensions, while the house bill car-
ries \$580,000 for pensions.

Senator Davidson of Galveston suc-
ceeded in having the item for the resi-
dence of the quarantine officer at Gal-
veston raised from \$10,000 to \$15,000,
the amount asked for by the department,
but he failed to secure the restoration
of the original amount asking for a fum-
igation vessel, \$65,840. The bill allows
but \$45,000.

The senate will now mark time until
the house does something.

The house is considering its appropri-
ation bill in committee of the whole.
The opposition to the bill is not very
strong.

CROP CONDITIONS.

Monthly Report Given Out by the Agri-
cultural Department.

Washington, Sept. 11.—The monthly
report of the statistician of the depart-
ment of agriculture shows the average
condition of corn on Sept. 1 to have
been 51.7. There was a decline during
August amounting to 2.3 points, and
the condition on the first of the present
month was 28.9 points lower than on
Sept. 1, 1900, 33.5 points lower than at
the corresponding date in 1899; 31 points
below the mean of the September aver-
ages for the last 10 years and 8.3 points
below the lowest September average,
that of 1881, ever before recorded.

The average condition at harvest of
winter and spring wheat combined was
52.8 against 69.6 last year, 70.9 in 1899
and a 10-year average of 80.3.

The average condition of oats when
harvested was 72.1 against 82.9 last
year, 82.2 in 1899 and a 10-year average
of 81.6.

Of the five principal sugar cane states
Mississippi alone reports an improve-
ment in the condition during August,
the present conditions being 87 against
82 a month ago. The condition in Geor-
gia remained at a standstill during the
month and Alabama, Texas and Louisi-
ana show decreases of 1, 3 and 4 points
respectively. Three of the principal
sugar cane states, Louisiana, Mississippi
and Georgia show conditions slightly
above their 10-year averages, and in
Alabama and Texas conditions are re-
spectively 8 and 21 points below such
averages.

An improvement in the condition of
rice during the month of August is re-
ported in but two of the rice growing
states—Florida and Texas. In Louisi-
ana and North Carolina there has been
no appreciable change in the condition
and South Carolina, Georgia and Ala-
bama reported declines. In Louisiana
the chief rice growing industry condi-
tion is four points above the mean of
averages of the last seven years.

TEXAS NEWS.

Killing Johnson Grass

Denton, Tex., Sept. 11.—W. H. Mat-
thews, living near Argyle, has been ex-
perimenting with killing out Johnson
grass by cultivation. He tried it on a
big field and Tuesday went over it with
a grubbing hoe, finding only one live
sprout. Cultivation is all he uses and
he says on the Johnson grass land he
will make one-half bale of cotton to the
acre.

Started It With Coal Oil.

San Angelo, Tex., Sept. 11.—Albert
Gonzales, aged 5 years, and Buenita Ar-
rendondo, also 5 years old, started a fire
in a stove here Tuesday afternoon with
kerosene. The girl was so badly burned
about the face and body that she died
after suffering terribly. While the boy is
fearfully burned, there is a chance for
his recovery.

Heavy Loss of Trees.

Waco, Tex., Sept. 11.—It is believed
that 200 young trees in the park and on
the streets of this city perished in con-
sequence of the drought which began
early in June last and is still unbroken.
The trees believed to be dead have
dropped their leaves and are as bare as
midwinter boughs. The hackberry trees
suffered more than any other.

Wants to Be Hanged in Public.

Coleman, Tex., Sept. 11.—The death
sentence was passed on John Pearl
Tuesday for the murder of an old Ger-
man near Brownwood last spring. He
is to be hanged publicly at Coleman on
Oct. 23. The condemned man made a
short talk denying his guilt and declar-
ing he wanted to be hanged in public.

No Clew of Train Robbers.

Texarkana, Tex., Sept. 11.—The Cot-
ton Belt train robbers are still at large
with little or no hope of capture in the
near future. It is understood the hunt
for them has been called off by all the
officers, though it is hinted that secret
service men are still seeking for their
trail.

Fell From Second Story.

Beaumont, Tex., Sept. 11.—Frank J.
Clark, a well known young man, fell
from a window in a second story of the
Pearlstein building and struck on his
head on the brick pavement. His skull
was fearfully crushed and he died.

Held Without Bail.

Fort Worth, Tex., Sept. 11.—Joseph
Johnson, charged with the killing of
David C. Johnson, the engineer in the
Fort Worth fire department, was re-
manded to jail without bond to await
action of the grand jury.

Concessions to Coal Miners.

Pittsburg, Kas., Sept. 11.—The Big
Four companies, with the exception of
the Western Coal and Mining com-
panies, have all posted notices offering
the men 65 cents a ton for mine run
coal, an 8-hour day and other conces-
sions, with a few exceptions, that the
union contract known as the Kansas
City contract asks. It is believed that
this forestalls a strike order in this dis-
trict. Four thousand men in Kansas,
Missouri and Oklahoma are affected.

Majority of Two.

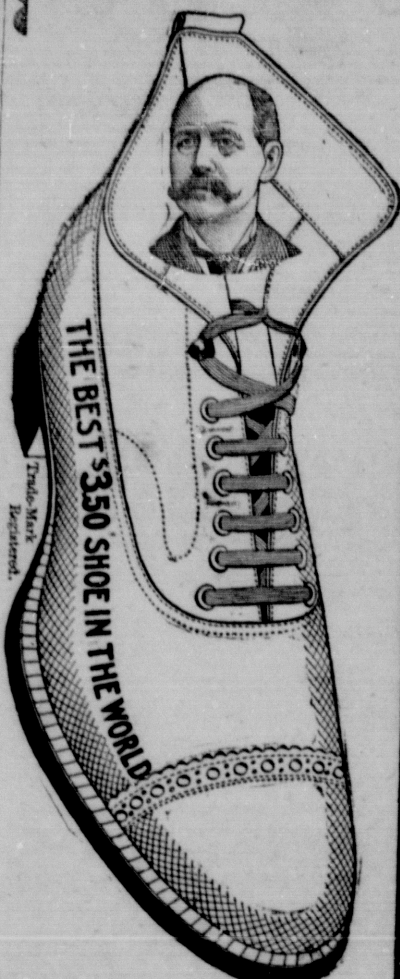

Fort Gibson, I. T., Sept. 11.—The
special election in the Tahlequah dis-
trict resulted in the election of Charles
Sanders to a seat in the lower branch
of the Cherokee legislature by a major-
ity of 188 votes over Jay Clark. This
gives the Downing party a majority of
two on joint ballot in the legislature.

GENERAL HENRY BATES STODDARD

Appropriately Welcomed by the Masons and Citizens of Bryan.

At the opera house last night a representative gathering of Masons and citizens of Bryan formally welcomed Gen. H. B. Stoddard to his home and warmly congratulated him upon the high place he has attained as most eminent grand master of the Knights Templar of the United States. The celebration was under the auspices of Brazos Lodge No. 129, A. F. & A. M., joined by the citizens of Bryan, and was a genuine testimonial of respect and esteem from friends and neighbors, who feel that General Stoddard's well-deserved laurels are an honor to his city and his state, as well as to himself. The arrangements were well carried out by Dr. Paul M. Rayson, T. A. Searcy, M. H. James, John B. Mike and others, and the spread was served under the direction of Mr. H. S. Jenkins.

Col. L. L. Foster presided as toastmaster proposing each sentiment with some happy, appropriate remark. The responses were bright and entertaining, full of noble sentiments and worthy tributes to the distinguished guest of the evening, and the great order of which he is the head.

in this part of the state. If you have a few pennies in your hands, hunt him up and be made happy by buying a home for him and the kids. If you have lands for sale, see him, but remember his time is money and he will not monkey with your stuff if you want two prices for it. He makes a specialty of handling large tracts of land several of which are not on this list. There is no use fooling away your time trying to sell your land when he can sell it in a few days if your price is right — the people know he has property at the right prices and they look him up when they want to buy.

PRESIDENT IMPROVES.

Is Gradually Recovering from His Wounds at Buffalo.

ALARM UNNECESSARY

Physicians State That the Reopening of the Wound Is Essential in Nearly All Gun Wounds, Especially Aged Persons.

Buffalo, Sept. 11.—The president passed a very comfortable night, said the 6 o'clock bulletin by Drs. Rixey and McKimley, the two physicians who remain at the president's bedside throughout Tuesday night. A few minutes later Dr. Rixey, the president's regular physician, was seen by an Associated Press representative. He displayed no evidence of anxiety and was emphatic in his characterization of the sensationally alarming reports put in circulation as a result of the bulletin issued a few minutes before midnight Tuesday, but dated 10:30 p. m. Dr. Rixey was asked about these reports and he replied earnestly without any hesitation whatever.

"These statements are not true. The president is not in a serious condition, there is no alarm over him. The facts are just as stated in the regular bulletins of physicians who are anxious that the public shall be fully acquainted with the truth."

The scare caused by even the faintest indication of trouble in connection with the president's wound, coming on the heels of study and continued improvement, was only natural under the circumstances. But there is absolutely no reason to doubt the frankness of the official statement of the physicians that the opening of a few stitches of the wound cannot give rise to other complications. Dr. Rixey said the opening of the wound was in no sense an operation. It was a mere redressing of the wound to allay a slight irritation that had appeared.

The fact that the wound in the president's abdomen not healing by "first intention" is not a feature at all unusual in such cases, explained one of the president's physicians.

On the contrary it is usual for gun shot wounds to heal by what is termed "second intention," through granulation. Especially is this the case with older persons, whereas in case of young people they usually heal by "first intention."

As the morning advanced and the usual activities of the day began, a feeling of confidence began to grow stronger. The day was bleak and cheerless and gave a rather gloomy aspect to the surroundings. The sky was overcast with promises of rain. The scene about the house much the same as it has been for the last four days. Military patrol shifted and sentries who paced before the house throughout the night gave place to fresh men.

The following bulletin was issued by the president's physician at 9 a. m.: "The president rested comfortably during the night. A decided benefit followed the dressing of the wound made last night. His stomach tolerates beef juice well and is taken with great satisfaction. His condition this morning is excellent."

His physicians state it will be six weeks before he can leave Buffalo.

Buffalo, Sept. 11.—The president continues to improve. Beef tea has been given him and from now on will be given more substantial food.

The following bulletin was issued by the president's physicians at 10:30 o'clock last night after a lengthy consultation: "The condition of the president is unchanged in all important particulars. His temperature is 100.6; pulse 114; respiration 28."

"When the operation was done on Friday last, it was noted that the bullet had carried with it a short distance beneath the skin, a fragment of the president's coat, this foreign matter was removed, but a slight irritation of the tissues was produced, the evidences of which has appeared only tonight. It has been necessary owing to this slight disturbance to remove a few stitches and partially open the skin wound. This incident cannot give rise to other complications, but it is communicated to the public as the surgeons in attendance wish to make their bulletins entirely frank."

"In consequence of this separation of the edges of the surface wound, the healing of the same will be somewhat delayed. The president is well enough to begin to take nourishment by the mouth in the form of pure beef juice."

SEARCHING FOR PAPERS.
Batch of Important Documents Thrown in Sewer by Czolgosz.

Buffalo, Sept. 11.—Leon Czolgosz has made a further confession to the police that his attempt upon the life of President McKinley was the result of a conspiracy which many beside himself had a part. So far Czolgosz has refused to mention any names except that of Emma Goldman, but papers are in existence, which if they can be discovered, will lay bare the entire conspiracy and

will result in wholesale arrests, followed by prosecutions.

The center of the conspiracy seems to have been here. Buffalo is filled to overflowing with agents of the secret service. A search is being made of every sewer that underlies the city, for it is known that in one of them is a package of papers containing the details of the conspiracy and the names of those concerned with Czolgosz in the plot together with an outline of its ramifications.

In his confession Czolgosz told of his attempt to destroy the written evidence of the conspiracy. He has said that time did not permit him to burn the papers as he had desired. Before leaving his room in Nowak's hotel he gathered together all his papers, taking them from his pockets, from his valise and from the drawers of his table. All were bound together in one package, which he concealed beneath his coat.

Czolgosz says that he made a circuitous and aimless trip about the city and that at some point which he cannot now describe, he came upon an open sewer. Into this sewer he cast his papers.

Inch by inch the sewers of this city are being searched, and if such a thing is possible, those papers will be recovered.

On authoritative information it can be said that during the last 10 weeks, Emma Goldman has visited six anarchist organizations. She has been in Buffalo three times since July 12, having left the city the last time four days before the attempted assassination.

Emma Goldman, Czolgosz and Abraham Isaak and Mary Isaak were in consultation in Chicago on two occasions and Mary Isaak accompanied Emma Goldman to Buffalo the last time the arch leader or the anarchists was here.

Leon Czolgosz was accompanied to Buffalo and about the city by a mysterious Bohemian man and woman who acted so suspiciously as to warrant the assumption that they know of the intention of Czolgosz to assassinate the president. These two Bohemians are now being looked for.

Rejoices at His Recovery.
Berlin, Sept. 11.—Everybody here rejoices in the reassuring dispatches from Buffalo as to the condition of McKinley. Public interest in the outcome has in no way abated. A fine picture of Mr. McKinley in the window of the office of the Lokal Anzeiger attracted great crowds, those who studied it comment upon his characteristic feature.

Another Soldier Degraded.
Danville, Ills., Sept. 11.—John Lefler, an inmate of the soldier's home, was degraded by having the buttons cut off his coat. He was then drummed out of the grounds for having manifested elation at the attempt upon the life of the president.

Demand His Expulsion.
Washington, Sept. 11.—The people of Kensington, Md., adopted resolutions Tuesday night at a mass meeting calling for Wellington's expulsion from the senate for remarks concerning the president.

Prayer Service Well Attended.
Baltimore, Sept. 11.—It is estimated that fully 75,000 persons attended the services of prayer for the recovery of President McKinley in various churches of this city in accordance with the proclamations of the governor of Maryland and mayor of Baltimore.

STEEL STRIKE.
No Attempt Made to Start the Tube Mills at McKeesport.

Pittsburg, Sept. 11.—No attempt was made this morning to start the big tube mill at McKeesport, although there was a large crowd of strikers at the mill to keep out any men who tried to go back. The total suspension of the National tube mill and other plants of the National Tube company will likely follow two unsuccessful attempts to resume operations—those of Tuesday and of Monday. Fires also have been drawn at the National rolling mill and at the Monongahela steel works.

The strikers are said to be growing ugly and numerous assaults have been reported within the last 48 hours. Mrs. Peter Snyder was assaulted by a foreigner while carrying lunch to her husband in the National rolling mill. Her dress was torn and the dinner pail carried off. Mike Cawitch who, with his 20 boarders, worked in the tube mill, was attacked and warned that his house would be burned if he did not stop working.

TROUBLE IN ARMENIA.
Armenians Reported Attacked Musulmans, but Reverse Is Believed.

Constantinople, Sept. 11.—Fifty Armenian revolutionists, according to Turkish reports, set fire to Musulman quarters at Mush, Turkish Armenia, where fighting afterwards occurred. The Armenians retreating toward Sasoun, where 3000 troops were stationed and that a state of panic prevailed there in consequence.

Such Turkish reports have previously been the forerunners of massacres of Armenians, and it is generally apprehended by non-Musulmans here that massacres have already taken place.

Methuen Drives Delaney.
London, Sept. 11.—Kitchener reports that Methuen engaged Delaney in the Great Maries valley on Sept. 6 and Sept. 8, driving them from a strong position on Sept. 8. The Boers left six dead on Sept. 6 and 12 on Sept. 8. Forty-one prisoners were captured.
